

# SAFETY POSTER LEVEL I & II

## Computer Generated - This is an Early Submittal Event

**OVERVIEW:** The Computer Generated Safety Poster contest is designed to direct members' attention to the area of Technology safety. Contestants are required to produce a computer generated safety poster following specific regulations as described below.

### I. CONTEST PURPOSE

The purpose of the Computer Generated Safety Poster contest is to provide a means for TSA members to demonstrate their ability to recognize safety needs and to communicate safety messages in visual form.

**2018 Theme: Emerging Ethical Dilemmas in Science and Technology**

**Resources:** <https://www.sciencedaily.com/releases/2012/12/121217162440.htm>

### II. ELIGIBILITY FOR ENTRY

A. Must be current TSA state and national member and registered State Conference participant.

B. This is an individual event. Maximum of 12 participants per level, per chapter.

### III. LIMITATIONS

While this is not a "timed" event, all requirements must be adhered to as stated in the "Specific Regulations" and "Procedures" sections.

### IV. SPECIFIC REGULATIONS

A. Posters may depict any safety procedure/concept, as long as it relates to some phase of Technology Education.

1. Saved in a PDF format and emailed [sean.courtright@cte.idaho.gov](mailto:sean.courtright@cte.idaho.gov) prior to the February 4th deadline. Utilize the Contestant's participant number as the file name. Example: 1218001.pdf Write "Safety Poster" in the subject line of the email.
  2. Formatted in Poster Size of 11" X 17" .
  3. A list of costs and a bill of materials to print 500 copies must be included as a separate excel document.
- B. Contestant's name, school, etc., must not appear on the front of the poster.
- C. The Computer Generated Safety Poster must be created 100% with the use of a computer.

V. PROCEDURE

- A. Registration - contest participants must register for the event in accordance with procedures established for each conference. (Posters will be emailed to [sean.courtright@cte.idaho.gov](mailto:sean.courtright@cte.idaho.gov) prior to the February 4th deadline.)
- B. Posters may be picked up at the conclusion of the conference.
- C. All winning safety posters become the property of ITSA, Inc., for a period of one year, to be utilized as deemed appropriate by the corporate board members.

VI. REQUIRED CONTEST PERSONNEL AND EQUIPMENT

- A. Event Consultant will collect posters and position posters for judging.
- B. Two persons to place Top Ten Finalists' entries in the conference viewing area.

- C. Three judges.
- D. Display table or display wall area.

VII. CRITERIA FOR JUDGING

A. Contestants shall be ranked in numerical order, on the basis of final scores, to be determined by each judge without consultation with each other. The winner will be the contestant with the highest total score. Other rankings will be determined in the same manner.

B. Ratings will be based upon the following:

- 1. Eye appeal..... 30 points
- 2. Safety content validity ..... 20 points  
(measurement of the entrant’s ability to present the safety theme for an Engineering Technology Education classroom)
- 3. Originality..... 20 points
- 4. Organization..... 20 points
- 5. Neatness ..... 10 points
  
- Total ..... 100 points maximum
- Rules Violation ..... Minus 20 points
