## EITC BECAME COLLEGE OF EASTERN IDAHO (CEI)

Voters approved to change EITC from a technical college to a community college, establishing their own governing board and providing independent oversight for the FST program. While running the program, CEI secured more than \$1 million in federal grant funding to purchase state-of-the-art fire training equipment to support more than 180 Idaho fire departments.

## FST TRANSFERRED TO EASTERN IDAHO TECHNICAL COLLEGE (EITC)

The FST program was transferred to the technical college system to gain efficiencies. At that time, EITC began the IFSAC accreditation process, which was attained in April 2015.
