<p>Structure Arson</p> <p>16 Hours</p> <p>Saturday & Sunday</p>	<p>The primary purpose of this course is to provide a consistent knowledge and skill base for the Structure Fire Origin and Cause Determination along with collection and preservation of Evidence. The concepts taught in this course will help you in performing at acceptable levels.</p>	<p>Fire Chief Approval (Signature)</p>
<p>Tactics for Idaho Firefighters</p> <p>16 Hours</p> <p>Saturday & Sunday</p>	<p>Skills & tactics for structural firefighting covering water supply, building construction, fire flows, water applications and firefighting for small departments</p>	<p>Fire Chief Approval (Signature)</p>

Course Title	Description	Prerequisites and/or Required Equipment
<p>Short Handed Fire Tactics</p> <p>16 Hours</p> <p>Saturday & Sunday</p>	<p>The focus in this class will be initial company operations with low to moderate staffing and is almost all hands-on. We know that staffing plays a role in the tactics we deploy. This class takes an in depth look at search techniques and how to strategically search with short staffing. The class will focus on the most utilized fire ground operations endured with low staffing levels. We will tie it all together with a self-survival module, most importantly how to recognize and prevent injury/death on the fire ground</p> <p>(Hands-on Training) Students should be in good physical condition.</p>	<p>This class is offered to Officers and Interior Firefighters.</p> <p>Required: Successful Completion of Firefighter Essentials</p> <p>Required: Bring Full Personal Protective Equipment including SCBA and 1extra tank.</p> <p>Workers Comp Required</p> <p>Fire Chief Approval (Signature)</p>
<p>Incident Safety Officer (NFA)</p> <p>16 Hours</p> <p>Saturday & Sunday</p>	<p>Students will examine the safety officer's role at emergency incident response with emphasis on all hazard's incidents</p>	<p>Fire Chief Approval (Signature)</p>
<p>Art of Reading Smoke</p> <p>8 Hours</p> <p>Saturday OR Sunday</p>	<p>Often, smoke issuing from a building is the only clue available to predict fire behavior and the likelihood of a flashover or rapid-fire spread. First-arriving officers, Incident Commanders, and Safety Officers MUST know how to rapidly read smoke - this class explains the reading-smoke process</p>	<p>Fire Chief Approval (Signature)</p>

Course Title	Description	Prerequisites and/or Required Equipment
<p>Principles of Modern Fire Attack</p> <p>8 Hours</p> <p>Saturday OR Sunday</p>	<p>The study of modern fire behavior/dynamics study and serve to educate students how they can be delivered and instituted in their main fire departments</p>	<p>Fire Chief Approval (Signature)</p>
