

# Registered **YOUTH** Apprenticeships

## Teacher Fact Sheet

### How to help your students!

**STEP 1:** Train students in a CTE field

**STEP 2:** Identify employers who could host an apprentice

**STEP 3:** Connect with IBE

**STEP 4:** Build a registered apprenticeship

The Youth Apprenticeship Program helps you create pathways beyond high school for your students. A federally registered apprenticeship is a structured and rigorous pathway where youth earn a national certificate through on-the-job training, technical instruction, wage increases, and mentorship.
