For more information contact Dr. Molly Wolk,
Idaho Career Technical Education
Curriculum and Instruction Coordinator
at 208-429-5531 or molly.wolk@cte.idaho.gov.

How is AI changing CTE?

Join educators, administrators, students and industry leaders as we explore how artificial intelligence is transforming classroom practices, the trades and workforce preparation.

At the symposium, you'll:

- Participate in design sprints and program-specific table discussions.
- Explore ways to align instruction with evolving industry needs.
- Collaborate with educators, students and industry leaders.
- Gain practical ideas you can apply to your CTE program.
