

We prepare Idaho's youth and adults for high-skill, in-demand careers.

CTE Student Organizations

BPA (Business Professionals of America) is the leading Career and Technical Student Organization for students pursuing careers in **business management, office administration, information technology,** and related career fields.

DECA prepares emerging leaders and entrepreneurs for careers in **marketing, finance, hospitality, and management.**

FCCLA (Family, Career and Community Leaders of America) promotes growth by focusing on the multiple roles of family member, wage earner, and community leader. Prepares students for careers in: **early childhood professions, culinary arts, hospitality services,** and many more.

FFA (National FFA Organization) is committed to the individual student, providing a path to achievement in premier leadership, personal growth, and career success through agricultural education. As 20% of careers in the US are in the agriculture sector, FFA is preparing members for success in careers in: **biotechnology, production agriculture, marketing, business, communications, public policy** and many more.

HOSA: Future Health Professionals provides a unique program of leadership development, motivation and recognition exclusively for secondary, postsecondary, adult and collegiate students enrolled in health science education and biomedical science programs. Careers in: **nursing, dental assistant, EMT, pharmacy tech, physical therapy assistant,** and many more.

SkillsUSA is a partnership of students, teachers, and industry working together

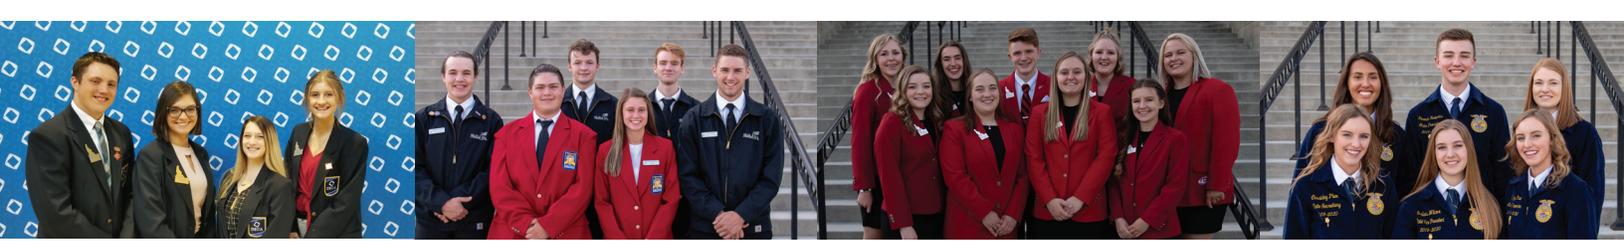

to ensure America has a skilled workforce by providing career and technical educational programs, events, and competitions. Careers in: **electronics, auto and diesel technology, collision repair, information and media technologies, welding, machining, construction,** and many more.

TSA (Technology Student Association) is for middle and high school students who are engaged in science, technology, engineering, and mathematics (STEM). TSA fosters personal growth, leadership, and opportunities in technology, innovation, design, and engineering. Careers in: **pre-engineering, information systems technology, technology education.**
