

# Southern Idaho Fire Academy Registration 2025

Please neatly print all required information

Name:		
Mailing Address:		
City:	State:	Zip Code:
Department/Organization/Company:		
Day Phone:	Evening Phone:	Email:

**Course Selection**

Please designate both 1<sup>st</sup> and 2<sup>nd</sup> choices by marking your selection in the 1<sup>st</sup> choice column **and** the 2<sup>nd</sup> choice column.  
**\*You will be notified if you are not getting your 1st choice\***

1 <sup>st</sup> Choice	2 <sup>nd</sup> Choice	Friday	Sat (0800)	Sunday (0800)	Course and Length
			8 hours	8 hours	Firefighter I (Essentials of Firefighting)
			8 hours	8 hours	Mixed Training #1 Flashover Live Fire Trailer/Art of Reading Smoke
			8 hours	8 hours	Mixed Training #2 Aircraft Rescue / Electric Vehicle Safety
		4 hours (1800)	8 hours	8 hours	Extrication Awareness, Operations (2 per department)
			8 hours	8 hours	Advanced Auto Extrication (2 per department)
			8 hours	8 hours	Fire Apparatus Pump Maintenance and Techniques of Foam
			8 hours	8 hours	EMS – Air St. Luke’s
		4 hours (1800)	8 hours	8 hours	Rope Rescue
			8 hours	8 hours	Tactics for Idaho Firefighters
			8 hours	8 hours	Fire Inspection 101
			8 hours	8 hours	NFA - Courtroom Preparation Testimony
			8 hours	8 hours	BLM – Crosswalk G-130, G-190 or equivalent
			8 hours	8 hours	NFA-Strategies and Tactics for Initial Company Operations (STICO)
			8 hours	8 hours	Principles of Modern Fire Dynamics

*Note: Students are required to provide proof of Workers Compensation Insurance must be 18 years of age or older.*

**(Waiver’s for workers compensation insurance will NOT be accepted!)  
 Students taking any SCBA or Live Fire class must be clean shaven per NFPA. No exceptions!**

**Registration Fee: \$80.00**

You must register by February 10, 2025. **No late registrations will be accepted!**  
 One registration form per person. Please make photocopies of this form if needed.

<b>Your payment must accompany registration</b> <b>Make Checks payable to:</b> <b>Southern Idaho Firefighter’s Assoc.</b>	<b>Registration Fee: \$80.00</b>  <b>(Includes Lunch for Both Days)</b>
---	---

**Mail This Registration Form and Payment To:**

**Southern Idaho Fire Academy**  
**C/O Roger Davis**  
**P.O. Box 751**  
**Rupert, ID 83350**

**SPACE WILL NOT BE RESERVED FOR YOU WITHOUT PAYMENT.**  
 Refunds for cancellations will NOT be made after February 10, 2025.  
 If unable to attend, another department member may be substituted.

# 2025 Class Schedule

**Proof of Workers Compensation Insurance must be sent in with the registration form.**  
**Waivers for Workers Compensation Insurance will NOT be accepted.**

<i>Course Title</i>	<i>Course Description</i>	<i>Day &amp; Length</i>	<i>Prerequisites and/or Required Equipment</i>
<b>Firefighter I Essentials of Firefighting</b>	The Essentials class will be broken into four 4-hour blocks listed below. Students will be divided into four groups and rotate through the four blocks of training.	Saturday and Sunday 16 Hours	<b><u>Full Protective Clothing; to include Turnout Coat, Pants, Hood, Helmet, Boots, Gloves, Eye protection and SCBA are required for this class.</u></b>
<b>Forcible Entry</b>	Identifies forcible entry tools and explains how to use and maintain them. Shows how to do “through-the-lock” entry on different types of doors. Demonstrates various methods of forced entry through three types of doors and three types of windows.	4 Hours	<b><u>Required Equipment:</u></b> Full Protective Clothing; to include Turnout Coat, Pants, Hood, Helmet, Boots, Gloves, Eye protection and certified SCBA.
<b>Ventilation</b>	Students will learn the basics of ventilation operations, the advantages of proper ventilation, and considerations for deciding if and where to ventilate. Also vertical and horizontal ventilation, natural and forced ventilation procedures.	4 Hours	<b><u>Required Equipment:</u></b> Full Protective Clothing; to include Turnout Coat, Pants, Hood, Helmet, Boots, Gloves, Eye protection and certified SCBA.
<b>SCBA/PPE SCBA Confidence Maze</b>	Presents the identification and function of protective clothing used in fire ground operations. Demonstrates correct methods for using and caring for protective clothing as well as the limits of protection. Presents the components, functions, and safety features of various types of SCBA. Demonstrates correct procedures for donning and doffing SCBA and shows how to change cylinders at an emergency scene.	4 Hours	<b><u>Required Equipment:</u></b> Full Protective Clothing; to include Turnout Coat, Pants, Hood, Helmet, Boots, Gloves, Eye protection and certified SCBA.
<b>Hose Lays</b>  <b><u>Utilizing FST’s Training Tower</u></b>	Students will learn the basic parts and terms that are common to various types and sizes of fire hose. Lessons will include the various types of hose lays and how to properly load and deploy hose from a fire apparatus.	4 Hours	<b><u>Required Equipment:</u></b> Full Protective Clothing; to include Turnout Coat, Pants, Hood, Helmet, Boots, Gloves, Eye protection and certified SCBA.

<b>Mixed Training Classes</b>	<b>Students will be divided into groups and rotate through the blocks of training.</b>	Saturday And/Or Sunday 16 Hours	These classes are paired for optimal training. Pairs are color coded for each block of training.
<b>Mixed Training #1</b>  <b>Flashover Live Fire Trailer</b>	This is a lifesaving program for recognition and survival of the phenomena of flashover. Students will learn to better understand the phenomena of flashover, to recognize the signs of flashover, techniques to possibly give them time to escape a flashover and to save firefighters from injury and death from flashover.	Saturday or Sunday 8 Hours	<u><b>Required Equipment:</b></u> <b>To participate in this training, students must meet facial hair requirements as per NFPA.</b> <b>Required Equipment:</b> Full Protective Clothing; to include Turnout Coat, Pants, Hood, Helmet, Boots, Gloves, Eye protection and <b>certified</b> SCBA.
<b>Art of Reading Smoke</b>	Often, smoke exuding from a building is the only clue available to predict fire behavior and the likelihood of a flashover or rapid-fire spread. First arriving officers, Incident Commanders, and Safety Officers MUST know how to rapidly read smoke – this class explains the reading-smoke process and gives participants live scenarios using the Palmers dollhouse in a live burn situation.	Saturday or Sunday 8 Hours	<u><b>Required Equipment:</b></u> Full Protective Clothing; to include Turnout Coat, Pants, Hood, Helmet, Boots, Gloves and Eye Protection  <u><b>Prerequisite:</b></u> None
<b>Mixed Training #2</b>  <b>Aircraft Rescue</b>		<b>Saturday Only</b> <b>8 Hours</b>	<u><b>Required Equipment:</b></u> Full Protective Clothing; to include Turnout Coat, Pants, Hood, Helmet, Boots, Gloves and Eye Protection
<b>Electric Vehicle Safety</b>	The purpose of this course is to introduce this technology to emergency responders so they are able to perform their operations safely and effectively in the event of an electric vehicle emergency.	<b>Saturday Only</b> <b>8 Hours</b>	<u><b>Required Equipment:</b></u> None
<b>Extrication Awareness and Operations</b>	Classroom presentations cover vehicle extrication safety considerations, scene safety systems, vehicle stabilization. Also includes hands on field presentation and practice of vehicle stabilization, extrication techniques using a wide range of basic tools through power hydraulic extrication tools.  <b>Two per Department</b> <b>This Class Will be Off-Site.</b>	Friday (1800) Saturday And Sunday 20 Hours	<u><b>Prerequisite:</b></u> None  <u><b>Required Equipment:</b></u> Full protective clothing including; boots, leather gloves, hardhat, and eye protection.
<b>Advanced Auto Extrication</b>	This class involves the extrication from heavy equipment found in the agricultural settings. Students will effectively learn how to deal with the challenges associated with heavy and more durable farming implements.  <b>Two per Department</b> <b>This Class Will be Off-Site.</b>	Saturday And Sunday 16 Hours	<u><b>Prerequisite:</b></u> Extrication Awareness and Operations Required  <u><b>Required Equipment:</b></u> Full protective clothing including; boots, leather gloves, hardhat, and eye protection.

<b>Fire Apparatus Pump Maintenance and Techniques of Foam</b>	<p>The students will gain an understanding of basic pump theory and will learn to recognize and understand the principles of accessories such as primers, ball valves, etc. They will also learn how to operate and use different foam systems found on fire apparatuses.</p>	<p>Saturday and Sunday 16 Hours</p>	<p><b><u>Prerequisite:</u></b> None <b><u>Required Equipment:</u></b> Coveralls and Safety Glasses</p>
<b>EMS – Air St. Luke’s</b>	<p>Air St. Luke’s will be teaching content on how to provide the best care for your patient, while still taking the best care of yourself, the EMS Provider. 16 CEU’s will be earned.</p>	<p>Saturday and Sunday 16 Hours</p>	<p><b><u>Prerequisite:</u></b> Licensed Emergency Medical Provider</p>
<b>Rope Rescue By CMC</b>	<p>Rope rescue is a subset of technical rescue that involves the use of ropes, anchors and belaying devices, friction rappel devices, various devices to utilize mechanical advantage for hauling systems, and other specialized equipment to reach victims and safely recover them.</p>	<p>Friday (1800) Saturday and Sunday 20 Hours</p>	<p><b><u>Prerequisite:</u></b> None <b><u>Required Equipment:</u></b> Gloves, hardhat, eye protection, boots and coveralls.</p>
<b>Tactics for Idaho Firefighters</b>	<p>Skills and tactics for structural firefighting covering water supply, building construction, fire flows, water applications and firefighting for smaller departments.</p>	<p>Saturday and Sunday 16 Hours</p>	<p><b><u>Required Equipment:</u></b> None <b><u>Prerequisite:</u></b> None</p>
<b>Fire Inspection 101</b>  <i>From the Idaho State Fire Marshal’s office</i>	<p>During this course, you gain the skills and knowledge to conduct basic fire inspections and perform fire alarm/fire sprinkler system acceptance testing. You will identify fire and life safety hazards and correctly apply fire code provisions to address the hazard(s) based on the International Fire Code. Students are encouraged to bring their copy of the 2018 editions of the International Fire Code and a highlighter. The code is also available with t Wi-Fi connection.</p>	<p>Saturday and Sunday 16 Hours</p>	<p><b><u>Required Equipment:</u></b> IFC 2018 Fire Code book if available. <b><u>Prerequisite:</u></b> None</p>
<b>NFA - Courtroom Preparation Testimony</b>	<p>This course will provide the necessary tools for all emergency responders who may be called upon for depositions and/or courtroom testimony relevant to facts witnessed on arrival at a scene as a first responder. This 2-day course will emphasize the importance of reporting factual events. It also will address the need to improve report-writing skills after witnessing an event and oral presentation skills if asked to describe the event in a court of law. The intent of this course is to prepare all emergency responders, with emphasis on volunteer firefighters, to present information to the legal system.</p>	<p>Friday (1800) Saturday and Sunday 20 Hours</p>	<p><b><u>Prerequisite:</u></b> <b><u>Must Have Your FEMA S.I.D. Number</u></b></p>

<b>BLM Crosswalk G 130, G-190 or Equivalent</b>	<p>The purpose of this course is to train non-supervisory structural firefighters in basic wild land firefighting skills. Firefighters who successfully complete this course will be qualified to suppress wildfires while under close supervision. Students will need to complete a field performance check list at their home unit to be fully qualified.</p>	<p>Saturday and Sunday 16 Hours</p>	<p><b><u>Prerequisite:</u></b> None</p> <p><b><u>Required Equipment:</u></b> None</p>
<b>NFA - Strategies and Tactics for Initial Company Operations (STICO)</b>	<p>This course is designed for the company officer, acting officer or senior firefighter that strives to become an officer in the future. Course covers the operations necessary to successfully manage a fire scene.</p>		<p><b><u>Required Equipment:</u></b></p> <p><b><u>Must Have Your FEMA S.I.D. Number</u></b></p>
<b>Principles of Modern Fire Dynamics</b>	<p>The first day will cover a deep dive into the science of fire attack and flow path. Data backed up by NIST and UL studies. Discussion will include transitional attacks and LODD studies. Day two will include live fire scenarios showing what the students learned in the classroom.</p>		<p><b><u>Required Equipment:</u></b> Full Protective Clothing; to include Turnout Coat, Pants, Hood, Helmet, Boots, Gloves, Eye protection and certified SCBA.</p>
