

NOTIFICATION of AVAILABLE GRANTS

Idaho Career & Technical Education (ICTE) will be soliciting applications for three concurrent federal grants in 2020 for the purpose of providing Adult Education and Literacy activities as authorized under Title II of the Workforce Innovation and Opportunity Act of 2014 (also known as the Adult Education and Family Literacy Act).

Grant Overview: Funds will be awarded to support Adult Education and Literacy programs in the State of Idaho. Adult Education is defined as academic instruction and education services below the post-secondary level that increase an individual's ability to: read, write, and speak in English and perform mathematics or other activities necessary for the attainment of a secondary school diploma or equivalent; transition to post-secondary education and training; and obtain employment.

Services must be provided to eligible adults, defined as anyone who is at least 16 years of age who is not enrolled or required to be enrolled in secondary school under state law. Additionally, eligible adults must either: be basic skills deficient (skills below the post-secondary level), lack a secondary school diploma or recognized equivalent, or be an English language learner.

The state will award grants under three funding streams: (1) Regional Adult Education and Literacy programs, (2) Adult Education for Incarcerated Individuals, and (3) Integrated English Language and Civics Instruction. Eligible entities may apply for grants under one, two, or all three funding streams. Applications will be rated by a panel representing Adult Education stakeholders. If awarded, subgrantees will receive annual funding for a period of at least two consecutive years, beginning on July 1, 2020. Funding amounts are dependent upon the funding stream, activities, and location. Please contact the granting agency for additional details.
